## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Industry Overview**

Financial year 2018-19 (FY2019) began with an expectation of higher growth as the economy seemed to have overcome the teething troubles of the nation-wide roll out of the Goods and Services Tax (GST). However, a rise in the current account deficit (CAD), concerns relating to rising non-performing assets (NPAs) and decline in liquidity coupled with hardening interest rates contributed to uncertainties around a higher GDP growth rate.

The second advance estimates of national income for FY2019 released by the Central Statistics Office (CSO) on 28 February 2019 showed that the economy could not continue the expected growth momentum. GDP growth in the third quarter of FY2019 reduced to 6.6% after clocking 8% and 7% growth in the first and second quarter of FY2019 respectively. The CSO estimates GDP growth in FY2019 at 7% compared to 7.2% in FY2018.

On the back of a widening trade deficit, the CAD increased to 2.6% of GDP during April-December 2018 — up from 1.8% in April-December 2017. There was a net outflow of USD 17.5 billion of foreign currency reserves in April-December 2018 versus a net inflow of USD 30.3 billion over the same period a year earlier.

The good news was inflation. During the second half of FY2019, the consumer price index (CPI) steadfastly remained below the RBI's medium-term target of 4%, reaching a 19-month low of 1.9% in January 2019. It picked up marginally in February to 2.6%, albeit supported by a weak base and uptick in prices of some food categories. The RBI has projected headline inflation to remain soft in the near term: 2.4% in Q4 FY2019, 2.9% to 3% in H1 FY2020, and 3.5% to 3.8% in H2 FY2020. It did, however, acknowledge the monsoon risk from El Niño conditions and highlighted uncertainties in oil price movement.

Systemic liquidity swung between surplus and deficit during FY2019, with the RBI needing to intervene to smoothen liquidity flows. This liquidity stress was compounded thanks to major debt defaults of a systemically important NBFC. The default resulted in a virtual drying up of the money markets; and access to funds for borrowers such as NBFCs and HFCs were deeply impacted. The consequent increase in interest rates for fresh borrowings in Q3 FY2019 resulted in business disruptions. While H2 FY2019 has been an extremely challenging period for both NBFCs and HFCs, these disruptions have not yet completely settled.

FY 2019-2020, therefore, could be a challenging year. The positive is the general sense that India should see higher GDP growth, subject to normal monsoons.

### **Market Scenario**

NBFCs continued to grow their share in the financial services industry. Data published by the RBI in its Financial Stability Report dated 31 December 2018 show that NBFCs have outperformed scheduled commercial banks (SCBs) on growth in advances, asset quality and profitability. This growth momentum of NBFCs should result in their share in the financial services sector increasing in the near future.

CHL enjoyed yet another strong year of performance aided by a diversified product mix, robust volume growth, prudent operating costs and effective risk management.

## **Analysis of performance for the year**

The detailed highlights of the performance are produced elsewhere in the Director's Report.

## **Opportunities and Threats**

As an NBFC, CHL is exposed to credit, liquidity and interest rate risk. It has continued to invest in talent, processes and emerging technologies for building advanced risk and underwriting capabilities. Sustained efforts to strengthen the risk framework and portfolio quality have yielded consistently better outcomes for the Company.

CHL identifies various operational risks inherent in its business model. The operational risks are risk of a loss resulting from inadequate or failed internal process, people and systems, or from external events.

CHL continues to evolve on a journey where analytics and technology are integral to business strategy. It uses analytics capabilities for making appropriate product offerings to customers, marketing campaign management, risk management and customer experience.

## **Internal control system and their adequacy**

The Company has an effective internal control system, commensurate with its size and nature to ensure smooth business operation, including assurance of recording all the transaction details, ensuring regulatory compliance and protecting the Company assets from any kind of loss or misuse. It evaluates the adequacy of all internal controls and processes, and ensures strict adherence to clearly laid down processes and procedures as well as to the prescribed regulatory and legal framework. The Company has further strengthened its internal audit function by investing in domain specialists to increase effectiveness of controls. The Audit Committee of the Board of Directors reviews the internal audit reports and the adequacy and effectiveness of the internal controls.

## **Fulfilment of the RBI's norms and standards**

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

**Key Audit Matters**

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

#### Management's responsibility for the financial statements

The Company's board of directors are responsible for the matters stated in section 134 (5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The board of directors are also responsible for overseeing the Company's financial reporting process.

#### **Auditor's responsibilities for the audit of the financial statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

**Report on other legal and regulatory requirements**

As required by the Companies (Auditor's Report) Order, 2016 ("the Order"), issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the Annexure "A", a statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.

- (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure A".
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us;

### Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

### Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

### Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.
